WHAT?
A designated giving society for young alumni who graduated within the last 20 years, and the starting point for Furman’s next generation of alumni leadership.

HOW?
Young Benefactors: Alumni between the classes of 1998 and 2017 can become members of the Young Benefactors program in one of two ways:

1. Donate $1,000 before June 30, 2018.
2. Commit to a three-year step-up plan* that involves:
   • A $500 donation before June 30, 2018
   • A $750 donation before June 30, 2019
   • A $1,000 donation before June 30, 2020

*Donors who participate in this manner receive Young Benefactor program credit and benefits for all three years of their commitment.

YB10s: Alumni between the classes of 2008 and 2017 receive all of the benefits of Young Benefactor membership, however, membership requires only a donation of $500 before June 30, 2018.

Monthly donors: Some of our donors prefer a monthly payment program through either an automatic bank draft or a credit card charge.

   • $41.67/month = $500 annually
   • $62.50/month = $750 annually
   • $83.33/month = $1,000 annually

WHY?
Young Benefactors represent the strength of Furman’s young alumni base, and Young Benefactor donations help support any number of projects and initiatives at the university. Please consider a gift to any of the following designations that directly impact our annual needs.

• Furman United (need-based scholarships and assistance for current students)
• Paladin Club (athletic scholarships)
• Undergraduate Research and Internships
• Study Away
• Current operating needs

Benefits include Young Benefactor-specific events (including some special Homecoming opportunities and the Bell Tower Ball, our annual gala event for leadership-level donors), local young alumni leadership, early communication from Furman regarding key university matters, and the Young Benefactor Newsletter.
